PROVIDING SPECIALIST INSURANCE  
FOR COPY SHOPS

Premier.

**WE SPECIALISE IN PROVIDING INDEPENDENT INSURANCE ADVICE  
TO DELIVER BESPOKE, CREATIVE AND PROACTIVE SERVICES TO  
MEET OUR CLIENTS' SPECIFIC AND INDIVIDUAL NEEDS.**

PremierCS is a wide ranging package of covers providing quality business insurance solutions specifically for Copy Shops. It provides exceptional levels of automatic cover and is underwritten by one of the UK's leading insurers.

As an owner or manager of a Copy Shop, you will be well aware of the complex issues faced in ensuring that your business has the adequate protection it needs to avoid being left exposed in the event of a serious loss.

For example, many standard insurance policies either include a number of add-ons that offer little or no benefit to you or your company or they are geared towards other businesses in your sector and may mean that you pay for cover that is not relevant to your business. We specifically researched the requirements of Copy Shops through our association with CSN / CSMA to ensure that the cover provided is both adequate and relevant.

#### WHY CHOOSE PREMIERCS?
